ABOUT US

Established in 2008, Universal Graphix is a signage, graphics, and print company based in Rayne, Essex, working with businesses, organisations, and individuals across the UK. Over the years, we have built a reputation for delivering reliable service, professional workmanship, and tailored solutions across a wide range of projects and industries.

Our in-house team includes experienced graphic designers, print specialists, and professional installers, allowing us to support

every stage of a project from initial ideas through to final installation. Whether creating custom artwork, producing high-quality printed graphics, or carrying out installations nationwide, our team works closely together to ensure every project is completed to a high standard.

From small one-off projects to large-scale rollouts, we pride ourselves on providing a friendly, flexible, and dependable service that helps bring our customers ideas to life.

OUR EXPERTISE

From concept to installation, we bring your ideas to life.

Universal Graphix is a professional signage, graphics, and print company specialising in bespoke visual solutions for businesses, organisations, events, and individuals. With in-house design, production, and installation capabilities, we provide a complete service tailored to each project, ensuring consistent quality and attention to detail from start to finish.

Working across a wide range of industries and applications, we produce everything from signage and vehicle graphics to wall murals, window graphics, event displays, and printed materials. Combining creative design with high-quality production methods, our team is committed to delivering professional, reliable, and visually impactful results that help to bring your ideas and businesses to life.

SIGNAGE SOLUTIONS

At Universal Graphix, we design, manufacture, and install a wide range of high-quality signage for anyone from businesses and organisations, to small events and members of the public. All work is produced in-house using advanced print and fabrication technology, allowing us to maintain exceptional quality and quick turnaround times.

From initial concept through to installation, we provide a complete end-to-end service. Whether you need bold exterior branding, functional safety signage, or eye-catching promotional displays, we create tailored solutions that are built to perform and made to last.

Clear, effective signage that informs, guides, and gets noticed.

Wayfinding

Wayfinding signage is designed to help people navigate spaces clearly and efficiently. We create intuitive, easy-to-follow systems that guide visitors through buildings, sites, and public areas, improving overall user experience and accessibility.

Health & Safety

Clear and compliant health & safety signage is essential in any environment. We produce durable, highly visible signs that communicate important information such as hazards, emergency exits, fire safety equipment, and site regulations.

Shop Front

Shop front signage is key to attracting attention and creating a strong first impression. From sleek, professional fascias to bold illuminated lettering, we design signage that enhances your brand and helps your business stand out.

Construction

We provide practical signage for construction and building sites, including safety signs, hoarding graphics, and site boards. Made from lightweight, temporary materials of your choice, our signs are easy to install, move, and remove while clearly communicating essential details.

TYPES OF SIGNAGE

Post Mounted Signs

We produce versatile flat panel signage using materials such as Foamex, ACM, and acrylic. ACM can be finished brushed, reflective, or clear cast for a transparent effect. These signs provide a clean, modern look suitable for a wide range of interior and exterior applications.

Cut & 3D Lettering

Built-up and cut lettering provides a striking, professional finish that adds depth and impact to your branding. Suitable for both interior and exterior use, these signs can be customised in a variety of materials, sizes, and finishes.

Totem, A Boards & Freestanding

Freestanding signs are ideal for entrances, forecourts, and high-traffic areas. Designed for maximum visibility, these large-format signs provide clear branding and directional information in a strong, durable format.

Bespoke & Custom

We create bespoke signage tailored to your exact requirements. From unique sizes, shapes, and materials to one-off statement pieces or fully customised branding, our in-house team delivers solutions that are both functional and visually striking.

Illuminated Signage

Illuminated signage ensures your brand remains visible day and night. From LED light boxes to internally lit letters, we create eye-catching solutions that enhance visibility and make a lasting impression.

At Universal Graphix, we specialise in transforming both interior and exterior spaces with creative, high-impact wall and window graphics. From bold feature walls and branded office environments to attention-grabbing retail windows, our graphics are designed to engage, inspire, and leave a lasting impression on visitors and customers alike.

Our in-house team manages the entire process from concept and design through to production and professional installation. Using high-quality materials and advanced printing techniques, we ensure every project delivers vibrant colours, sharp detail, and a flawless finish. Whether it's a large-scale mural or a delicate window application, our meticulous approach guarantees consistency, durability, and impact.

We also provide a full installation service, taking the stress out of applying your graphics. From careful positioning to expert application, we ensure your wall and window graphics are perfectly installed, enhancing your space while maintaining a polished, professional look.

Wall Murals

Our wall murals bring your spaces to life, creating bold visual statements for offices, retail environments, or public areas. Using high-quality, durable materials, we produce large-format graphics that are vivid, precise, and designed to impress.

Window Graphics

Window graphics provide an impactful way to communicate your brand, promote products, or enhance privacy. Using reverse self-adhesive vinyl, we create designs that are eye-catching from the outside while maintaining a professional appearance inside.

Frosted Manifestation

Frosted manifestation offers a stylish solution for privacy, safety, or decorative purposes. Available in subtle or bold designs, these graphics can be applied to glass surfaces to diffuse light, guide users, or reinforce your branding while maintaining a sleek, professional look.

Transform any space with bespoke graphics to inspire, inform, and stand out.

Cut Lettering

Cut lettering is an effective way to display bold wording, statement phrases, branding, or important information across both interior and exterior spaces. Individually cut from high-quality vinyl, it creates a clean, professional finish that can be applied to walls, windows, signage, and a variety of smooth surfaces.

Contra Vision

Contra vision is a perforated window film that displays graphics on the outside while maintaining visibility from the inside. Ideal for shop fronts, offices, vehicles, and public spaces, it's an effective way to add branding, promotional messaging, and privacy without fully blocking natural light.

VEHICLE GRAPHICS

Turn every journey into a moving advertisement.

Vehicle graphics are one of the most effective forms of advertising, turning your vehicle into a mobile marketing tool that promotes your brand wherever it travels. Professionally applied graphics increase visibility, build recognition, and create a strong, lasting impression.

At Universal Graphix, we design, manufacture, and install high-quality vehicle graphics tailored to your specific requirements. From subtle branding to bold, full vehicle wraps, our in-house team works closely with you to create solutions that reflect your brand and maximise impact. We cater for everything from single vehicles to full fleets, offering a wide range of options including simple lettering, full-colour graphics, and complete wraps all produced with precision to ensure a clean, professional finish.

We take great pride in our work and follow a detailed preparation and application process to achieve the highest standard of finish. Vehicles are carefully prepared prior to application to ensure optimal conditions for a strong, long-lasting bond between the vinyl and the surface.

Whether you require graphics for a single vehicle or an entire fleet, we offer a complete range of solutions from simple, cost-effective lettering to full-colour designs and complete wraps. Professionally designed and expertly applied, our vehicle graphics are built to deliver maximum impact while maintaining quality, durability, and a flawless appearance over time.

IN NEED OF SOME VEHICLE GRAPHICS? *Get in touch!*

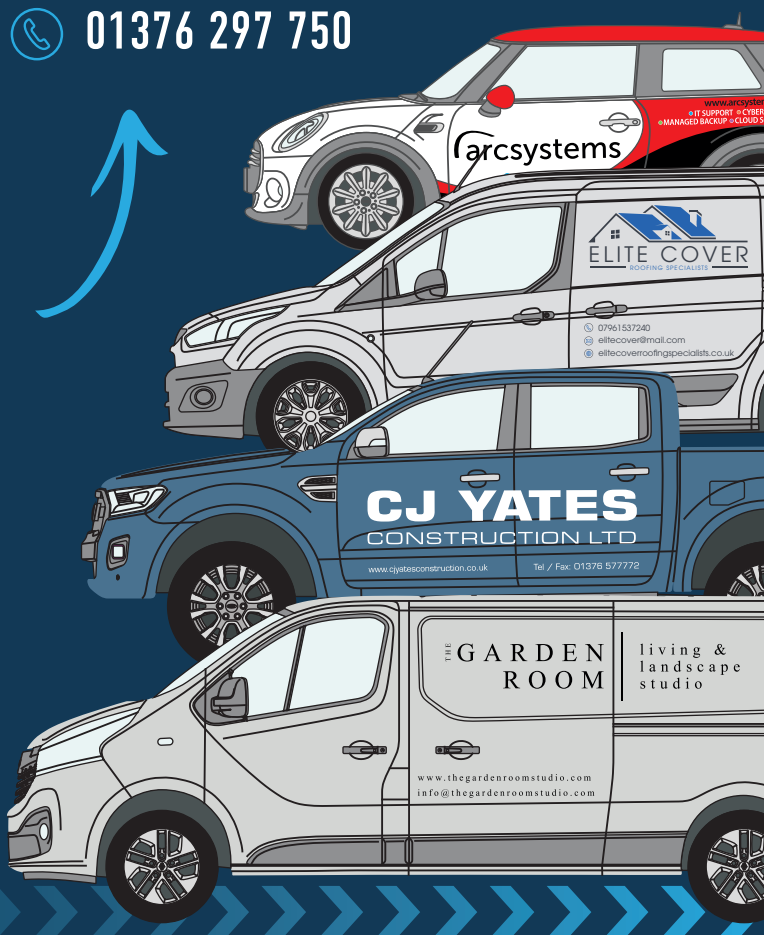

Contact our team today to discuss your vehicle graphic requirements. Whether you're looking to brand a single vehicle or an entire fleet, our team is here to help guide you through the process from design to installation.

We work on a wide range of vehicles, including cars, bikes, vans, food trucks, trailers, buses, and more. Whatever your vehicle type or project size, we can create a tailored solution that helps you stand out and make an impact on the road.

From simple lettering to full-colour wraps, every project is produced with care, precision, and high-quality materials to ensure a professional finish that lasts. Our aim is to deliver graphics that not only look great but also effectively promote your brand wherever your vehicles go.

EVENT GRAPHICS

BUSINESS EVENTS
SPECIALIST EVENTS
PRIVATE EVENTS
COMMUNITY EVENTS
INSTITUTIONAL EVENTS
HOSPITALITY EVENTS

Our display systems provide a flexible and professional way to present key information at any type of event. Designed to be clear, impactful, and easy to use, they are suitable for a wide range of indoor and outdoor environments where effective communication and visual presentation are essential.

We offer a selection of standard and custom display solutions to suit different requirements, from simple information boards and promotional stands to more tailored setups. Each system is designed with practicality in mind, ensuring it is reusable, easy to work with, and effective in delivering your message clearly. Whether used for guidance, information, or visual presentation, our displays help create a polished and professional result at any event.

Event displays provide a practical and visually engaging way to communicate information or guide people at any type of event. Suitable for exhibitions, celebrations, public gatherings, and private functions, they deliver clear presentation across a wide range of environments.

At Universal Graphix, we produce a wide range of portable display systems including pop-up displays, roller banners, tension systems, and outdoor stands. Our products are lightweight, easy to transport, and simple to assemble, providing flexible and cost-effective solutions that help present information clearly and enhance any event space with ease. We focus on practical, reusable systems designed to suit a variety of event settings and requirements.

Bring your event to life with impactful display graphics.

Roller & Hanging Banners

Roller and hanging banners are effective display solutions for exhibitions, conferences, reception areas, and event spaces. Easy to transport and install, they provide a professional way to showcase branding, information, and promotional messaging.

Invitations, Menus, & Paper Print

Custom paper prints add a professional and personal touch to any event. Suitable for corporate functions, weddings, exhibitions, and private celebrations, they help create a polished and organised experience for guests and visitors alike.

Pop-Up Stands & Stalls

We provide bespoke signage and graphics for pop-up stands and stalls, creating professional displays for exhibitions, markets, trade shows, and promotional events. From branded panels and backdrops to promotional graphics and display features, our tailored solutions help your stall stand out and clearly communicate your message.

Event Wayfinding

Event wayfinding signage helps guide visitors clearly around an event space, improving organisation and visitor experience. Ideal for exhibitions, festivals, conferences, weddings, and public events, it can be used for directions, entrances, schedules, zones, and important information.

Adverts & Promotional Posters

Event adverts and promotional posters are designed to attract attention, communicate key information, and create awareness before and during an event. Suitable for exhibitions, festivals, conferences, retail promotions, and public events, they deliver bold, eye-catching visuals across a range of environments.

Boards & Display Panels

We create a variety of printed boards and display panels for both decorative and functional use, including wall art, menus, and point-of-sale displays designed to enhance interiors and communicate information clearly. Produced using materials such as Foamex, ACM, and acrylic, our boards are durable, lightweight, and suitable for retail, hospitality, and office environments, with high-quality precision printing throughout. Whether you need a single feature piece or a full set of branded displays, we can create custom solutions tailored to your space and requirements.

Paper Print & Stickers

We produce high-quality printed materials and custom stickers across a wide range of formats, including posters, flyers, business cards, brochures, menus, labels, and marketing materials. Printed using high-resolution technology for sharp detail and vibrant colour, our products are suitable for branding, packaging, promotions, exhibitions, retail, hospitality, events, and everyday business use. Stickers can be produced in any size, shape, or quantity, making them ideal for both short-term promotions and long-term branding, with every job tailored to deliver a clean, professional finish.

OUR PROCESS

1.

Consultation

We discuss your requirements, ideas, and project goals to understand exactly what you need and provide the best solution for your space or application.

2.

Design & Mock-Ups

Our design team creates professional artwork and visual mock-ups, allowing you to review and approve your project before production begins.

3.

Production

Using high-quality print and fabrication technology, your items are professionally produced in-house with precision, consistency, and attention to detail.

4.

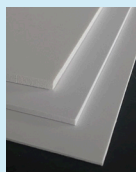

Fulfilment

Once production is complete, we can provide professional installation, nationwide dispatch, or collection directly from us, depending on the requirements of your project.

MATERIALS & FINISHES

FOAMEX

A lightweight PVC board available in a range of thickness's, ideal for temporary signage, promotional displays, & indoor graphics. Cost-effective, versatile, & easy to install.

FINISHES

Finishes can be added to foamex such as matte, gloss, reflective, photolum (glow in the dark), and drywipe. Useful for road signs, wayfinding, or whiteboards.

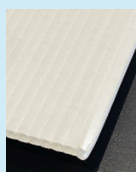

ACM (Aluminium Composite Material)

A strong, durable aluminium-faced panel suitable for long-term interior and exterior signage. Popular for shop fronts, business signage, and premium displays, with brushed finishes available for a modern appearance.

CORREX

A lightweight fluted plastic board commonly used for temporary outdoor signage such as construction boards, estate agent signs, & event displays. Budget-friendly & easy to transport.

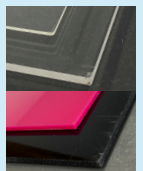

VINYL / SELF-ADHESIVE

A versatile material used for window graphics, wall graphics, vehicle graphics, labels, and stickers. Suitable for both temporary and long-term applications.

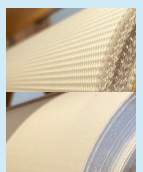

ACRYLIC

A premium material available in clear or coloured finishes, offering a sleek and professional appearance. Acrylic can be printed directly onto, cut to shape, or combined with reverse-applied vinyl for a striking glass-like effect.

BANNER MATERIAL

Sturdy flexible material available as mesh or PVC, used for large-format promotional graphics. Suitable for indoor and outdoor advertising, events, and temporary signage.

FLOOR LAMINATE

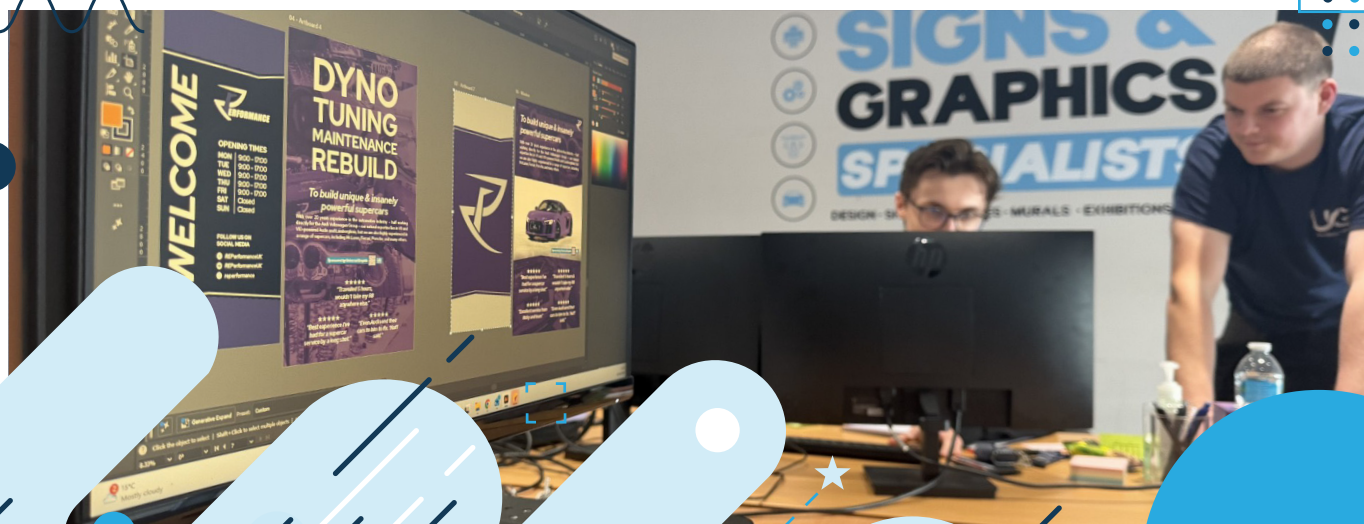

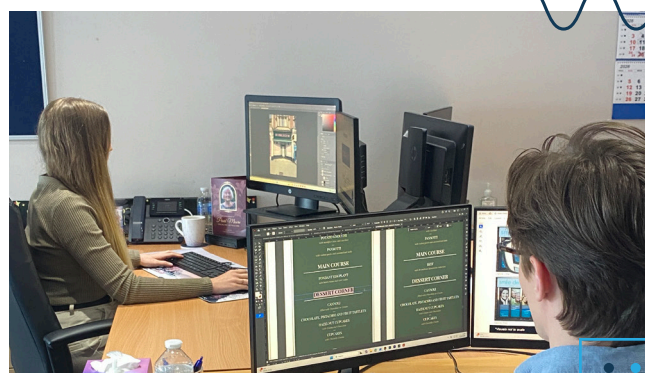

Durable self adhesive material used for applying printed graphics to flooring. Ideal for wayfinding and healthy and safety.

+ DESIGN SERVICES

At Universal Graphix, we offer a complete in-house design service to support signage, print, and digital projects of all sizes. Whether you have existing artwork or need help developing a concept from scratch, our team can create professional designs tailored to your requirements. We also produce detailed mock-ups, allowing you to visualise and approve your project before production begins.

In addition, we provide logo vectorisation and graphic design services, including logo creation, branding, promotional materials, signage layouts, and digital artwork. Vectorisation converts logos into scalable formats that maintain quality at any size, making them ideal for print and large-format graphics.

INSTALLATION SERVICES

At Universal Graphix, we provide a complete in-house service, managing everything from initial concept and design through to final installation. This ensures a seamless process from start to finish, with clear communication and consistent quality maintained throughout. By keeping every stage under one roof, we are able to deliver reliable results that meet your exact requirements and project expectations.

Our experienced installation team is fully equipped to carry out projects of all sizes and can travel anywhere across the UK. Whether you require installation at a single site or across multiple locations, we work efficiently and professionally to ensure every element is fitted accurately and to a high standard. Each installation is completed with care and attention to detail, resulting in a clean, precise, and professional finish.

We offer flexible options to suit your project, including visiting your site to take accurate measurements or working from dimensions you provide. This allows us to ensure everything is produced and installed correctly within your space.

Our team installs a wide range of products, including interior and exterior signage, window graphics, and vehicle graphics. From straightforward applications to more complex installations, we ensure every project is completed efficiently and to a consistently high standard.

The team at Universal are amazing!
Highly recommend and have passed their business card
on already! My shop looks amazing and have had so
many people commenting on it!

The guys down at Universal Graphix did a lovely job in
wrapping my car. Would highly recommend!

I would 100% recommend these guys for stickers. I got 353
10x9 vinyl stickers and the quality was so incredible. I would
definitely buy from them again and would recommend them
to anyone wanting stickers.

Fast, professional and great quality, not like Fast signs in
Chelmsford (who I had to chase and still never even got back
to me!). Thank you, Scott and Chloe at Universal Graphix for a
brilliant service!

Thank you so much universal graphix over the moon with how
it has turned out!

I had the pleasure of dealing with Universal Graphix for all my
stickers & event signage! They delivered everything to the tee
& couldn't be happier! Feedback & service through artwork
approval was spot on. Definitely recommend!
